January 23, 2009

Ms. Stacy Johnson
Director of Business
Retention and Expansion
NCEDC

Dear Stacy,

On behalf of the TDP management team and all its employees, I would like to thank you and the NCEDC staff for the assistance you have provided in helping our company grow in 2008. In early 2007, our company was out of space in our facility and constrained for future opportunities. We relocated to a site in an enterprise zone in Loveland that allowed TDP to double the size of the company, and NCEDC with the City of Loveland was there to help us transition our business. With your guidance on Enterprise Zone credits we have also been able to grow our staff's capability through training, which has yielded significant growth in the fortunes of the company. We are projecting 2009 to be another growth year and feel NCEDC has contributed to making TDP strong so we can survive and even thrive in very difficult economic times.

Best regards, and to future growth,

Terry Precht
CEO/President
Technology Driven Products, Inc.
